

A HALF-DAY AT  
THE MUSÉE FRANCO-AMÉRICAIN DU CHATEAU DE BLÉRANCOURT

## FIRST WORLD WAR AND AMERICAN AID

The First World War broke out in 1914 and although America did not officially enter the war until 1917, thousands of American volunteers enlisted in France from the start of the conflict.

Trace the adventure of the American Committee for Devastated France (CARD), made up of young American women who travelled to the other side of the world to help the people of the Aisne. This organisation would contribute to the region's architectural, moral and social reconstruction.

---
